

T&W IN THE CLASSROOM

Recipe for

Summer

You will need: 4 cups of yellow
 8 plates of light
 3 flashlights

Add oil to make the sun hot.

Mix all the ingredients together in a big swimming pool
to make a sun.

Put in the sky and bake at 70 degrees.

Chop up dirt into little pieces of sand.

Add salt.

Add 5 good boys and 5 good girls with happy faces.

Have them dip blue buckets inside the sand
to make sand castles.

Take mommies and daddies, brothers and kids
in life jackets and red shorts with blue polka dots
riding on a boat. Then take them swimming.

Mix them around with cold water and seashells.
